Founder's Profile

Dr. Oludare Akande,

OON, PhD, FDR-CR

Visionary | Philanthropist | Educator

Dr. Oludare Akande, a distinguished Nigerian scholar and visionary, hails from the Oke-Ogun area of Oyo State. Born in Oyo, he has built an illustrious academic and professional career spanning multiple sectors and continents. He holds a Ph.D. in Management from Walden University, USA; an MBA from Benedictine University, USA; and a BA in Business Administration from Governors State University, USA. He has also earned prestigious executive certifications from globally renowned institutions, including a Fintech Certificate from Harvard University, a Design Thinking Certificate from MIT, and an Executive Certificate in Entrepreneurship from The Wharton School, University of Pennsylvania.

With over two decades of professional experience, Dr. Akande has held senior executive positions across a wide range of industries, including education, aviation, finance, hospitality, and technology. His impressive corporate résumé includes roles at internationally recognized organizations such as Accenture (North America), the United Nations Foundation, JPMorgan Chase, Wells Fargo, Cisco Systems, Royal Caribbean, Marriott, HSBC, Northern Trust Bank, CUNA Mutual Group, State Farm Insurance, BlueCross BlueShield, American Family Insurance, Dow Chemicals, TD Canada Trust, LTL Financial USA, and Westview Construction and Development Inc. (USA).

Despite his global accomplishments, Dr. Akande remains deeply connected to his Nigerian roots and is passionately committed to addressing the educational challenges facing his home country. Witnessing the limitations faced by youth in underserved communities inspired him to become a champion of education reform and youth empowerment.

He has dedicated himself to bridging gaps in Nigeria's higher education sector by establishing a world-class polytechnic that not only delivers academic excellence but also fosters innovation, entrepreneurship, character development, and global competitiveness.

His mission is not merely institutional — it is both personal and patriotic. Dr. Akande firmly believes that education is the most powerful tool for transforming lives and rebuilding societies. Through his visionary leadership, he aims to cultivate a generation of well-rounded leaders and professionals equipped to solve real-world problems and contribute meaningfully to their communities.

In addition to his work in education, Dr. Akande is a devoted philanthropist and humanitarian. He has initiated numerous programs to support students across Oyo State, particularly in the Oke-Ogun region. These initiatives include an annual scholarship and bursary scheme for students in tertiary institutions, an after-school program for secondary school students in Iseyin Local Government, and a grant program that sponsors NECO examination fees for 15 students in each of the 10 local governments of Oyo State annually since 2021.

Dr. Oludare Akande's enduring vision is to nurture a generation of educated, purpose-driven, and innovative young Nigerians — individuals equipped with the knowledge, values, and skills needed to thrive in today's world and contribute to the nation's advancement.

F O U N D E R

"Education is not just a pathway to opportunity — it is the foundation for national transformation."

Engr. Idowu Jiboku

*Ph.D. (Ife), MMP (Ibadan), M.Sc. (UK), B.Sc. (Ife),
MSTAN, MNSE, FSTAN*

I want to welcome you to a new phase of tertiary education in Nigeria and Africa which is poised to bridge the gap between the conventional higher institutions and ever-evolving real-life experience – **American Polytechnic of Nigeria** – where innovation meets excellence. I am delighted to lead this esteemed and dynamic institution in its mission to provide world-class technical and vocational education.

RECTOR'S WELCOME ADDRESS

At APN, we are committed to equipping our students with marketable hands-on skills, the knowledge, and global exposure necessary to thrive in today's dynamic economy, becoming more useful to their employers and employees than what the degree offers.

We believe in empowering our students to become globally competitive, innovative, and socially responsible individuals, owing to the certification courses which have been well-blended to give a synergized curriculum suitable for our contemporary intellectual economy. Our scholarship program, funded by the **Dr. Oludare Akande Foundation**, provides opportunities for eligible students to apply for scholarships, accommodating indigent but brilliant students.

Our partnership with Lewis University enables our students to earn a National Diploma at APN in two years and transfer their credit unit and seamlessly transit to earn a Bachelor's degree in the United States in another two years. Though the journey is intensive and rigorous, but it will be worthwhile.

Our dedicated crop of educators and staff are passionate about nurturing the next generation of leaders and innovators. We offer a wide range of academic programs, state-of-the-art facilities, and a vibrant campus life that fosters academic excellence, creativity, and personal growth.

I invite you to explore our website, learn more about our workable programs, and discover how APN can help you unlock your full potential to place you at an advantage. Embark on a transformative journey with us, where academic rigor, innovative thinking, and personal growth come together to shape future leaders.

FROM THE REGISTRAR

It is my pleasure to welcome you to the Registry Unit of the American Polytechnic of Nigeria, Ibadan — a vibrant institution dedicated to academic excellence, innovation, and the holistic development of every learner.

The Registry Unit is more than just the administrative backbone of APN; we are partners in your educational journey. Behind every record, schedule, and certificate is a commitment to our students, faculty, and stakeholders — ensuring that every interaction is guided by accuracy, transparency, and respect.

Our office plays a vital role in the life of the Polytechnic. We:

- Maintain and safeguard academic records, from admission to graduation.
- Oversee registration, examinations, and certification, ensuring fairness and efficiency.
- Support compliance with academic policies and accreditation standards.
- Coordinate schedules and calendars, balancing institutional needs with student success.
- Leverage technology and automation to enhance efficiency and service delivery.

We remain dedicated to continuous improvement, innovation, and the values that make APN a place where academic ambition meets opportunity. Our role is not simply to process documents, but to support dreams, guide progress, and uphold the integrity of our academic community.

Scott Simon

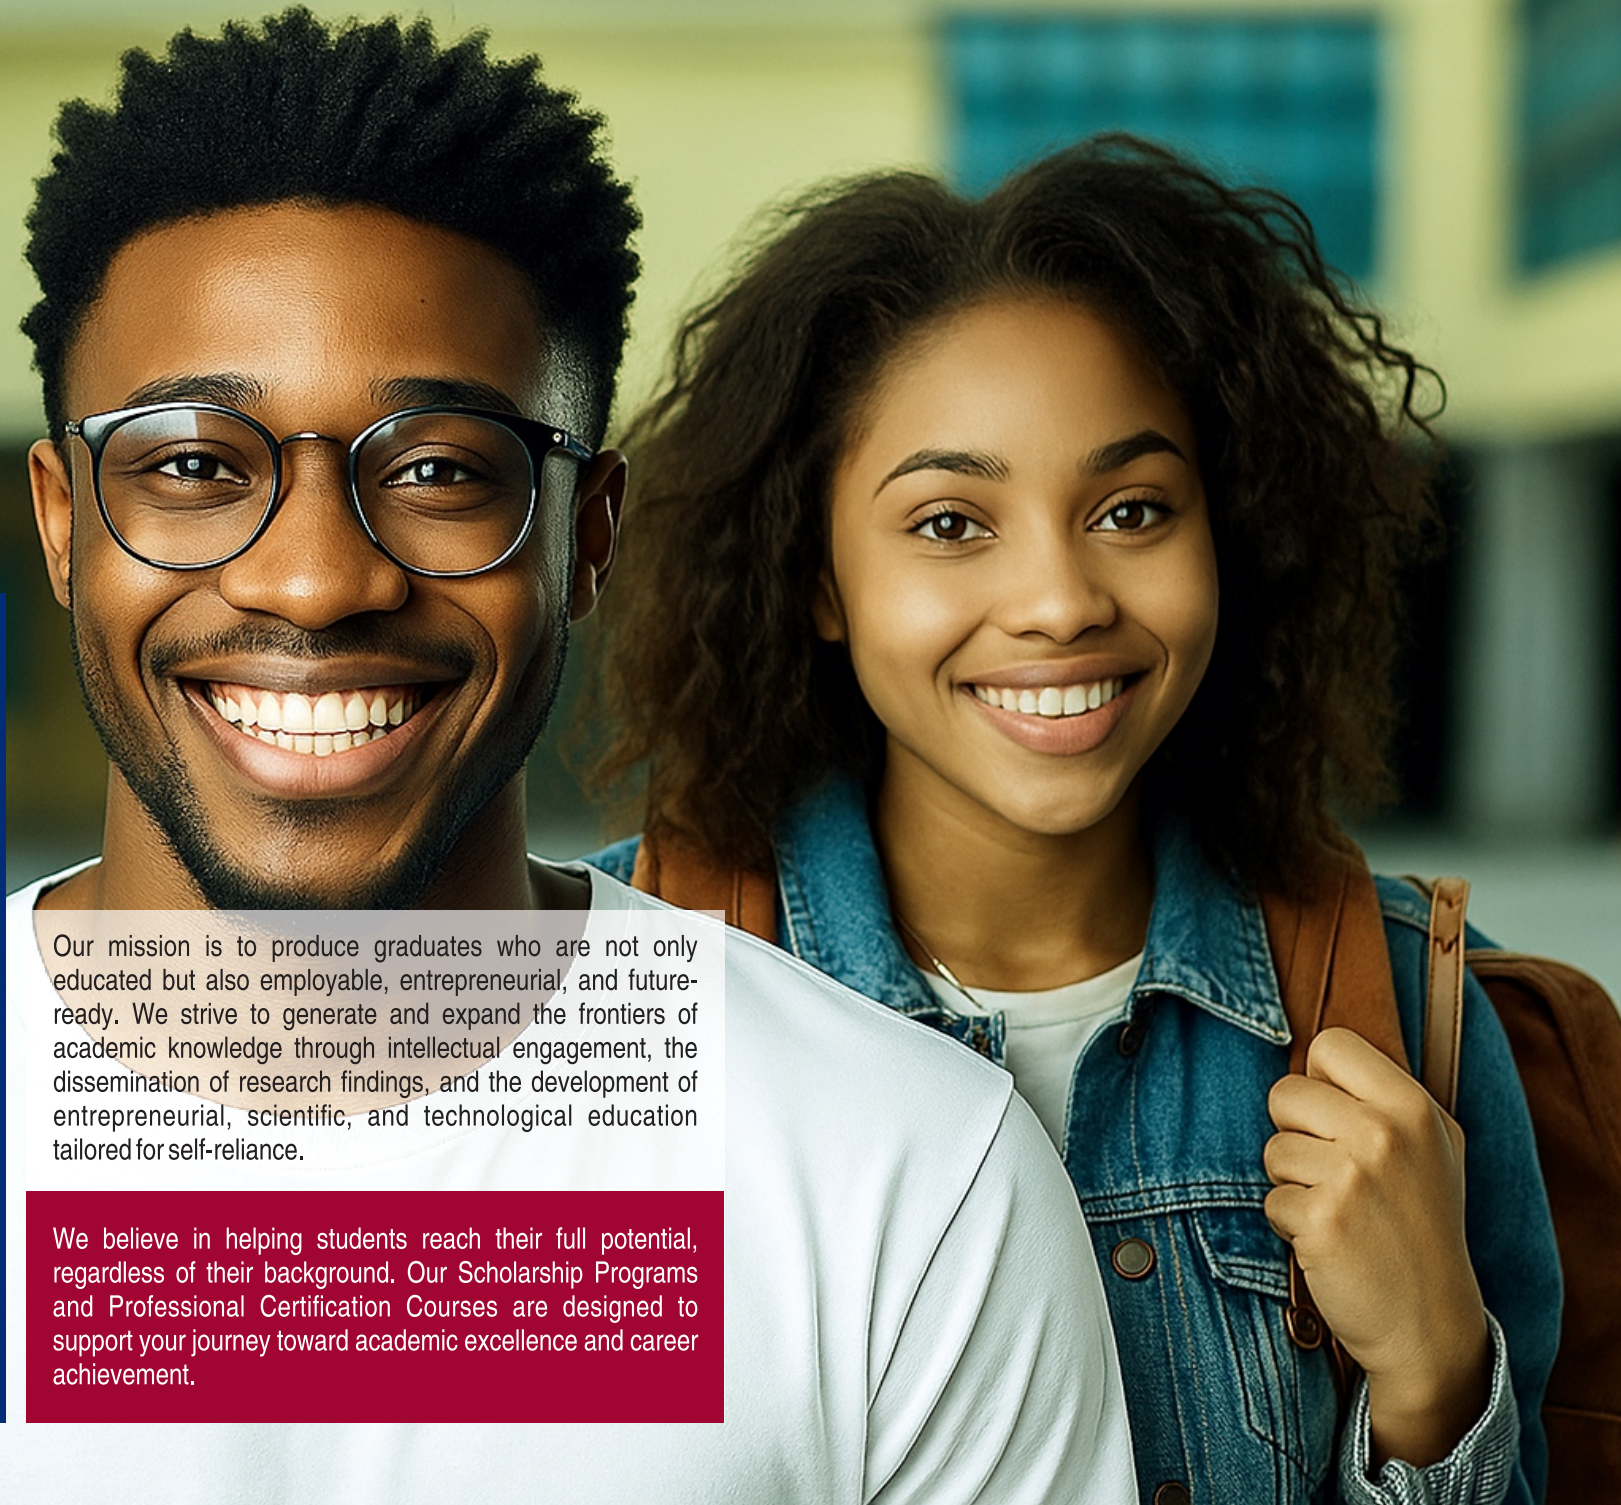

WELCOME TO AMERICAN POLYTECHNIC OF NIGERIA (Why APN?)

The American Polytechnic of Nigeria was established in response to the challenges posed by the COVID-19 pandemic, recognizing the urgent need for accessible, high-quality education and practical skill development. Our institution is dedicated to bridging the knowledge gap in Nigeria and equipping individuals with the competencies essential for success in today's dynamic job market.

At APN, we are committed to fostering an environment where education empowers and inspires. Our curriculum emphasizes in-demand skills, combining theoretical knowledge with hands-on experience to prepare graduates for real-world challenges. Our dedicated faculty, composed of experienced professionals, is passionate about student success and provides the support needed to help every learner thrive.

Our mission is to produce graduates who are not only educated but also employable, entrepreneurial, and future-ready. We strive to generate and expand the frontiers of academic knowledge through intellectual engagement, the dissemination of research findings, and the development of entrepreneurial, scientific, and technological education tailored for self-reliance.

We believe in helping students reach their full potential, regardless of their background. Our Scholarship Programs and Professional Certification Courses are designed to support your journey toward academic excellence and career achievement.

Vision Statement

To be a leading institution that empowers individuals through innovative education, fostering excellence in technology and applied sciences while nurturing a diverse community of learners equipped to drive sustainable development and make meaningful contributions to society.

Mission Statement

To provide high-quality, accessible education that equips students with the skills necessary for success in today's competitive landscape. We strive to create a collaborative learning environment that encourages creativity, critical thinking, and lifelong learning.

ACCREDITATION

American Polytechnic of Nigeria is proudly accredited by the National Board for Technical Education (NBTE), Kaduna, the regulatory body responsible for overseeing technical and vocational institutions in Nigeria. This accreditation is a testament to the quality of our academic programs, facilities, and instructional standards. It assures students, parents, and stakeholders that our institution meets national benchmarks for excellence, and that all diplomas and certificates awarded are fully recognized across the country and beyond.

Begin your academic journey at APN with a **National Diploma (ND)** in just 2 years
- then seamlessly transfer to **Lewis University, Illinois, USA**
to complete your **Bachelor's Degree** in another 2 years.

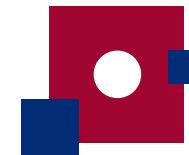

GOVERNING COUNCIL

DR. OLUDARE AKANDE (CHAIRMAN)

Dr. Oludare Akande, OON, is a visionary leader and education advocate from Oke-Ogun, Oyo State, Nigeria. He holds a Ph.D. in Management from Walden University, an MBA from Benedictine University, and a BA in Business Administration from Governors State University — all in the United States. He has held executive leadership roles across a diverse range of industries, including education, aviation, finance, hospitality, and technology. Deeply connected to his Nigerian roots, Dr. Akande is passionate about addressing the educational challenges facing his home country. A dedicated humanitarian and philanthropist, he firmly believes that education is the most powerful catalyst for personal and societal transformation. Guided by this vision, he is committed to developing a new generation of well-rounded leaders and professionals equipped to solve real-world problems and make meaningful contributions to their communities.

ENGR. IDOWU JIBOKU (RECTOR)

Dr. Idowu Jiboku holds a Ph.D. in Chemical Engineering, an M.M.P. in Psychology, an M.Sc. in Petroleum Engineering, and a B.Sc. in Chemical Engineering. He is a distinguished scholar and academic with a strong reputation for excellence in both research and leadership. Dr. Jiboku is recognized for his visionary leadership and commitment to academic advancement. He actively contributes to national educational discourse, particularly on issues such as tuition policies and the future of education in Nigeria.

GOVERNING COUNCIL

PROF. OLATUNJI OYELADE (MEMBER)

Prof. Olatunji Oyelade is a renowned Professor of International Law at Obafemi Awolowo University, Ile-Ife, and a respected member of the Nigerian Bar Association. He is widely recognised for his scholarly work in international human rights, with a particular focus on access to justice and sustainable development in Nigeria. He has published influential academic papers and is an active voice in legal reform and advocacy. Prof. Oyelade also contributes to national discourse on justice and governance, emphasising legal ethics and institutional integrity.

PASTOR ANTHONY OLUWADABIRA OBINNA-IBE

Pastor Anthony Oluwadabira Obinna-Ibe is an ordained pastor and dynamic church leader in The Redeemed Christian Church of God (RCCG). Born in August to a family of RCCG elders, he hails from Abia State. Pastor Tony has steadily risen through various leadership roles in RCCG, from Worker to Pastor in Charge of multiple provinces. He holds a degree in Politics and International Relations and is pursuing a Master's in International Law and Diplomacy from Lead City University, Ibadan. He is a Certified International Project Manager and Fellow of the Institute of Personality Development and Customer Relationship Management. Outside the church, he is a seasoned consultant, trainer, and founder of several organisations, including V. Victi Golden Heritage and New Life Academy. He holds an Honorary Doctorate in Management from The Crown University, Delaware, USA.

SCHOOLS AT APN

APN Institutes are organized into three major schools, each offering specialized programmes designed to equip students with relevant, in-demand skills for both local and international career opportunities.

School of Computing

The APN School of Computing offers a range of short-term, industry-relevant courses that prepare students for immediate employment opportunities across the globe. This school emphasizes practical training in digital technologies, fostering innovation and problem-solving. Under this school, we have:

- **Department of Computer Science**

School of Science and Engineering

This school provides solid foundational and advanced training in engineering, empowering students with the practical and theoretical skills necessary for innovation and technology-driven careers. Currently, the school offers a programme in Computer Engineering, designed to develop students' expertise in designing, building, and maintaining computer hardware, embedded systems, and smart technologies.

- **Department of Computer Engineering**

School of Business and Finance

The School of Business and Finance is committed to producing graduates who are capable of addressing real-world business and financial challenges. The curriculum is designed to be practical and career-focused, ensuring students gain the skills necessary to thrive in business, finance, and administrative roles both nationally and internationally.

- **Departments of Business Administration**
- **Accountancy**

Liberal Studies Unit

Serving as the intellectual foundation of the institution, the Liberal Studies Unit provides a broad-based education that nurtures critical thinking, effective communication, and cultural awareness. The curriculum aligns with NBTE standards and includes courses in the humanities, general studies, and communication. Key focus areas include: Use of English Language, Digital Literacy, Ethical Leadership, Communication Skills, Multi disciplinary Studies. This unit ensures that all students graduate as well-rounded individuals, prepared for both professional excellence and responsible citizenship.

RARE OPPORTUNITIES AT APN:

Dual Pathways to a National Diploma and a U.S. Bachelor's Degree

At the American Polytechnic of Nigeria (APN), students are offered a unique academic pathway that combines local and international credentials, setting them apart in today's competitive global workforce.

National Diploma (ND) Award

APN awards a National Diploma to students who have successfully completed all academic and programmatic requirements within the stipulated period of enrollment. Diplomas are granted based on the student's selected major, in accordance with NBTE guidelines.

Pathway to a U.S. Bachelor's Degree

Through an exclusive partnership with Lewis University, located in Romeoville, Illinois, USA, APN students have access to a dual-degree opportunity. Students complete the first two years of their program at APN and earn a National Diploma. They then transfer to Lewis University's main campus to complete the final two years of study. Upon completion, students receive a Bachelor's Degree from the United States, at a discounted tuition rate. This pathway provides a cost-effective and academically enriching route to an internationally recognized degree.

Post-Graduation Employment in the U.S. (CPT & OPT Opportunities)

Students who transfer to Lewis University through APN and complete a bachelor's degree particularly in STEM-designated programs (e.g., Computer Science) will be eligible for employment in the United States under the Optional Practical Training (OPT) program.

Up to 3 years of full-time work authorization in the U.S. for graduates of STEM programs. Curricular Practical Training (CPT) may also be available during studies, providing valuable industry experience.

This dual-pathway program uniquely positions APN graduates for global academic achievement and international career advancement.

PROGRAMMES

National Diploma in:

Computer Science

Computer Engineering

Business Administration

Accountancy

Scholarship Opportunities at APN

The American Polytechnic of Nigeria (APN) is committed to making quality education accessible to all. For the 2025/2026 academic year, APN is offering scholarships to Nigerian students as part of its mission to support academic excellence and promote equal opportunity. This scholarship program is designed to assist financially disadvantaged students, and students with outstanding academic performance. Eligible applicants may receive scholarships of up to N200,000 per academic year, helping to ease the financial burden of tuition and related expenses.

ENTREPRENEURSHIP:

Our Entrepreneurship Studio at APN is fully equipped with modern technology and guided by experienced instructors. At APN, students graduate not only with a National Diploma (ND) but also with an entrepreneurship certificate of their choice - empowering them with the skills and credentials to launch successful careers or ventures.

At our school of entrepreneurship, we believe the future belongs to innovators, creators, and bold thinkers. Our mission is to inspire and equip students with the entrepreneurial mindset needed to identify opportunities, solve real-world problems and build impactful businesses. Our programmes go beyond theory, emphasising real-world application, creativity, and self-reliance.

- ✓ Association of Chartered Certified Accountants (ACCA)
- ✓ Financial Modelling

Minimum Requirement: SSCE Certificate or be an ND student of APN

Duration: 3-6 Months

Mode of Lecture: Weekend and Online (Hybrid)

Certificate Issued: Polytechnic Endorsed Certificate of Competence

HALL OF RESIDENCE

At the American Polytechnic of Nigeria, our hall of residence offers more than just accommodation — it fosters a vibrant student community that supports academic success, personal well-being, and meaningful connections. The environment is conducive to learning and living, featuring spacious sleeping areas, 24/7 internet access, clean water, constant electricity supply, and round-the-clock security provided by well-trained personnel and surveillance systems.

Top-notch Facilities That Set Us Apart

At APN,
we do not just educate,
we create an atmosphere
where students feel valued,
motivated and empowered to
achieve greatness.

Our campus is thoughtfully designed
to foster concentration, creativity and community.

FACILITIES

Conducive Learning Atmosphere - Our serene, quiet and conducive environment creates the perfect setting for focused learning and personal reflection.

Smart Lecture Rooms - Our Lecture rooms are modern, spacious, conducive, and designed to enhance interactive learning. They are equipped with interactive boards and multimedia tools.

Equipped Science Laboratories - We bring science to life through practical, hands-on learning experiences. Our modern laboratories are designed to give students a strong foundation in scientific exploration and experimentation.

Uninterrupted Power Supply - The school maintains a reliable power supply to support all academic and administrative activities. With a combination of public electricity, standby generators, and alternative energy sources, classrooms, laboratories, hostels, and other facilities enjoy constant power. This ensures that learning, research, and campus life continue smoothly without interruptions.

E-Library - APN e-library is a gateway to unlimited knowledge, offering 24/7 access to a vast range of electronic resources. From scholarly journals and textbooks to multimedia content and research tools, students can study and explore from any location. Designed for convenience and academic success, our e-library supports independent learning, research, and innovation in a digital age.

Technical Workshop - In APN, our school workshop is a vital part of skill-based learning, providing students with the opportunity to apply classroom knowledge in a practical setting. It is furnished with modern equipment and tools tailored to various technical and vocational programs. Here, students gain hands-on experience, build creativity, and develop problem-solving abilities that are essential for future careers in industry and innovation.

Fully Air-Conditioned Transport - Our school buses provide a comfortable, climate-controlled commute, ensuring students arrive at their destinations refreshed and ready to learn.

FACILITIES

Campus Wi-Fi – Our campus is fully equipped with high-speed Wi-Fi, ensuring students and staff enjoy seamless internet access across lecture halls, libraries, hostels, and recreational areas. This reliable connectivity supports online learning, research, virtual collaboration, and access to digital resources, making education flexible and accessible anytime, anywhere on campus.

Sports & Recreation Facilities - Football Pitch, Table Tennis, Lawn Tennis and Snooker.

Computer Laboratory - Our computer laboratory serves as a hub for digital learning, providing students with essential ICT skills across various disciplines. It features up-to-date computers, reliable internet access, and industry-standard software for programming, design, simulations, and data processing. The lab supports both individual and group learning, ensuring students are well-prepared for modern academic and professional demands.

Medical Centre - On-campus clinic with qualified healthcare professionals.

STUDENTS' REPRESENTATIVE COUNCIL (SRC) AND CAMPUS CLUBS

At the American Polytechnic of Nigeria (APN), student engagement, leadership, and community are key pillars of campus life.

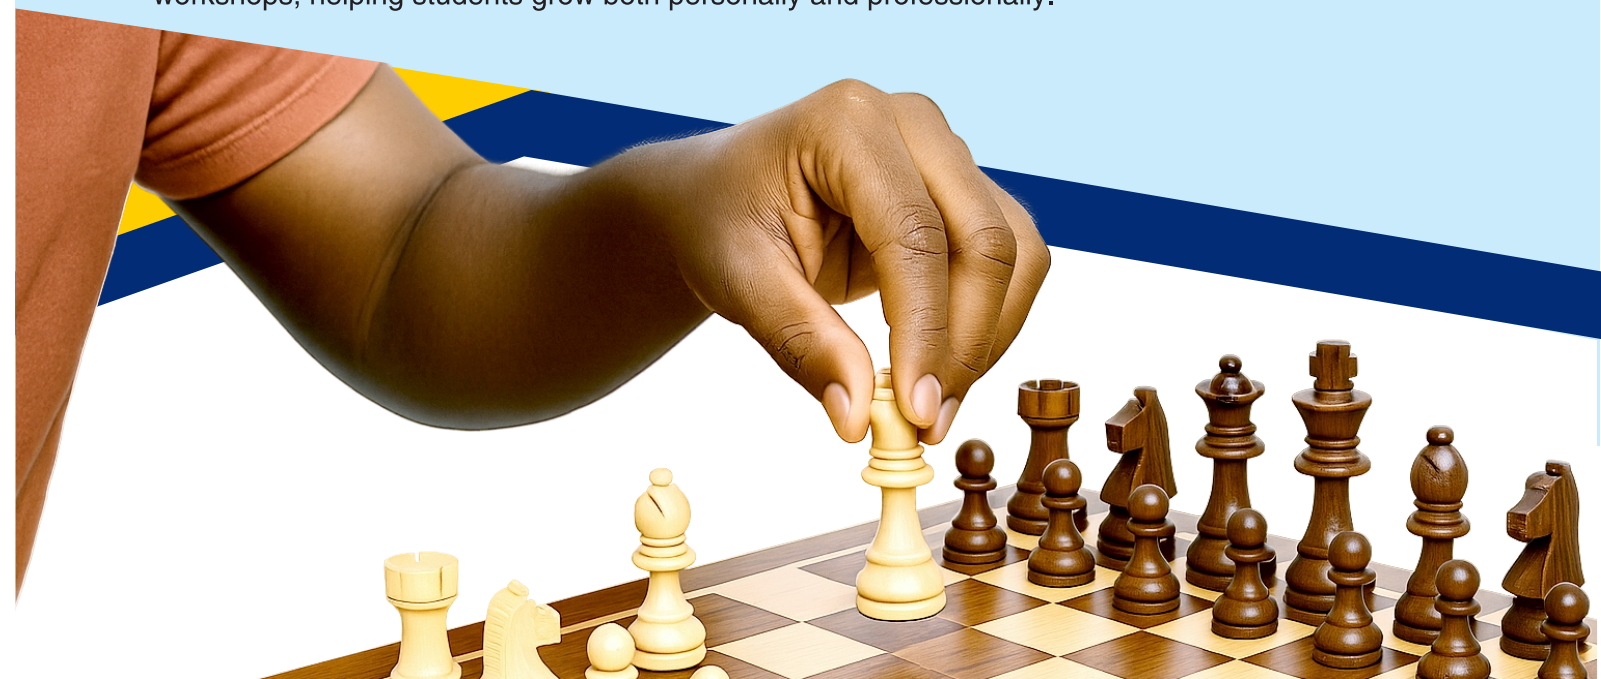

Students' Representative Council (SRC)

The Students' Representative Council (SRC) serves as the official voice of the student body, fostering leadership, accountability, and collaboration within the institution. Acting as a vital link between students and the administration, the SRC ensures that student concerns, feedback, and ideas are heard and addressed. The Council also organizes a wide range of academic, cultural, and social programs that promote student development and build a strong sense of community on campus. Through responsible governance, the SRC plays a central role in cultivating a vibrant, inclusive, and student-driven environment.

Clubs and Student Organizations

At APN, students are encouraged to explore their interests and talents by participating in a variety of clubs and organizations. These clubs provide valuable opportunities for leadership, networking, creativity, and recreation. Some of the popular student clubs include: Chess Club, Rotaract Club, Football Club, Red Cross Society, Junior Chamber International (JCI) and many more.

These student-led groups enrich campus life by organizing events, competitions, service projects, and workshops, helping students grow both personally and professionally.

ADMISSION REQUIREMENTS

National Diploma (ND) Program – American Polytechnic of Nigeria, Ibadan

The American Polytechnic of Nigeria (APN) follows a holistic admission process that considers not only academic qualifications but also each applicant's interests, character, and extracurricular involvement. We seek motivated individuals who are eager to embrace challenges and committed to making meaningful contributions to society.

For a complete list of available programs, please refer to our Course Catalogue.

Eligibility Criteria

Category A: UTME Applicants

- (i) Candidates who selected American Polytechnic of Nigeria as their First Choice in the JAMB/UTME.
- (ii) Candidates who scored a minimum of 100 in the JAMB/UTME but did not initially choose APN and now wish to apply via a change of institution.

Category B: Part-Time Program Applicants

- (i) Candidates who have not taken the UTME but are seeking admission into Part-Time (PT) programs.

To apply, visit the APN website - www.apn.edu.ng and click apply now under the category you belong.

General Admission Requirements

- Applicants must meet JAMB requirements for their chosen program.
- A minimum of five (5) credit passes in WAEC, NECO, GCE, or NABTEB, including English Language and other relevant subjects as specified in the JAMB brochure.
- Candidates awaiting SSCE results may also apply, provided results will be available by the start of the academic year.

Post-UTME Screening

To qualify for admission into APN, all applicants are required to undergo a Post-UTME screening process. This screening considers both:

- UTME score – 50% weight
- O'Level results – 50% weight

Candidates who meet or exceed the cut-off mark after this screening will be offered admission into their chosen program. For further details on admission process, kindly send email to admission@apn.edu.ng or WhatsApp +234 8034202687.
